

# MODERN SLAVERY AND HUMAN TRAFFICKING STATEMENT

## Introduction

This Modern Slavery and Human Trafficking Statement is a response to Section 54(1), Part 6 of the Modern Slavery Act 2015 and relates to actions and activities for the financial year ending 31 May 2022.

Wash Cycle Ltd ('the Company', 'we', 'us' or 'our') is committed to preventing slavery and human trafficking violations in its own operations, its supply chain, and its products. We have zero-tolerance towards slavery and require our supply chain to comply with our values.

## Organisational structure

Wash Cycle Ltd is the subsidiary of the The Wash Cycle Group group, the parent company being The Wash Cycle Group, and has business operations in the United Kingdom.

We operate in the laundry sector. The nature of our supply chains is as follows: We work with a number of key suppliers, such as Amazon, MAG Laundry Equipment, and Scottish Power. These companies provide us with the goods and services which we need to be able to operate and which we are unable to produce ourselves. They are well established companies, and are taking all available steps to remove modern slavery from their own workplaces and their own supply chains, just as we are.

## Due Diligence

As part of our efforts to monitor and reduce the risk of slavery and human trafficking occurring in our supply chains, we have adopted the following due diligence procedures:

- We will always ensure we pay our staff fairly and adequately. At all times exceeding the minimum wage.

Our due diligence procedures aim to:

- Identify and action potential risks in our business and supply chains.
- Monitor potential risks in our business and supply chains
- Reduce the risk of slavery and human trafficking occurring in our business and supply chains.

## Risk and compliance

The Company has evaluated the nature and extent of its exposure to the risk of slavery and human trafficking occurring in its UK supply chain through:

- Evaluating the slavery and human trafficking risks of each new supplier.

We do not consider that we operate in a high-risk environment because Our supply chain and supplier brands of choice are all signed up to the modern slavery prevention scheme which provides us with confidence that none is taking place..

We do not tolerate slavery and human trafficking in our supply chains. Where there is evidence of failure to comply with our procedures by any of our suppliers, we will seek to terminate our relationship with that supplier immediately.

## Effectiveness

The Company uses Key Performance Indicators (KPIs) to measure its effectiveness and ensure that slavery and human trafficking is not taking place in its business and supply chains. These KPIs are as follows:

We cannot say with any certainty how effective the steps we are taking have been in ensuring that slavery and human trafficking is not taking place in our business and supply chains. As part of our work for the next financial year, we will be considering how best to monitor the effectiveness of the actions taken.

The statement was approved by the board of directors.
